

“EACH DAY IS **CHALLENGING.**
EACH DAY IS **DIFFERENT.**
EACH DAY IS **REWARDING...**”

Lieutenant Commander Lisa Marunycz, Nurse, USPHS Commissioned Corps

FIGHTING DISEASE AT HOME AND AROUND THE WORLD.

“Health needs cross every border. As a nurse in the U.S. Public Health Service Commissioned Corps, I’m part of an elite team bringing health care where it’s needed most—to victims of natural disasters, remote towns or villages where I’m the only health care provider they see, and hundreds of places in between. I make a difference in people’s lives every day. I’m also rewarded with an excellent package of salary and benefits, including health coverage, tax-free allowances for housing and food, 30 days of vacation each year, and much more.”
