

## DoD/DHHS MH MOA PHS VACANCY ANNOUNCEMENT

### \*\*\*FOCUS AREA\*\*\*

Agency leadership has determined that this position meets Criteria 4: Assignment requires regular engagement with other uniformed services.

### \*\*\*POSITION TITLE\*\*\*

Clinical Psychologist, (O-5 Billet), non-supervisory. Civilian Billet-GP-0180-13 equivalent.

### \*\*\*LOCATION DESCRIPTION\*\*\*

This position is located at Fort Belvoir Community Hospital in Northern Virginia. As a premier healthcare organization in the Department of Defense, our focus is to provide you world-class medical care in a healing environment that promotes better outcomes for our patients.

Our priority at Fort Belvoir Community Hospital is to provide safe, quality and compassionate care to our nation's heroes – for whom this state-of-the-art hospital was built. From our warfighters, to our spouses and children back home, to our retirees, we are one team dedicated to ensuring all our nation's heroes receive world-class medical care in a Culture of Excellence

We are here to provide you with world-class healthcare and strive to be the first choice for your healthcare because we share the military culture and values.

### \*\*\*CLOSING DATE\*\*\*

**Open until filled**

### \*\*\* JOB DESCRIPTION\*\*\*

Specific duties and responsibilities include, but are not limited to the following:

The Clinical Psychologist will provide clinical services for Adult Outpatient Behavioral Health and as needed support other services within the Directorate of Behavioral Health by providing individual, family and/or group psychotherapy; formulating clinical problem lists and treatment plans consistent with professional guidelines and medical treatment facility Standard Operating Procedures (SOP); providing crisis intervention; consulting and conferring with Department of Defense (DoD) consultants and other providers as appropriate; giving psychological advice on the telephone as appropriate; completing required paperwork in accordance with relevant SOPs; conducting assessment and treatment planning in a timely and appropriate manner; utilizing paraprofessionals after having received appropriate authorizations; and providing tele-psychology evaluations.

Performs intake evaluations and provides treatment to beneficiaries of all age ranges, using individual and group modalities and recognized treatment strategies based upon accepted theories, principles, and practices; and participates in multi-disciplinary treatment team collaboration (i.e., social workers, psychiatrists, nurses, and psychological technicians). Patients and their families come from extremely diverse socio-cultural backgrounds, possess both medical and non-medical histories, and represent a wide range of unique, difficult, and complex problems.

## DoD/DHHS MH MOA PHS VACANCY ANNOUNCEMENT

Serves as a primary consultant to medical treatment facility for issues related to military-specific and military-unique aspects of psychological practice to include, but not be limited to command-directed evaluations.

Performs psychological testing and completes associated reports.

The ideal candidate will also have experience working with a military population and must have an active and unrestricted license. This is a unique opportunity to join a talented and multidisciplinary mental health team located within a world-class facility that is dedicated to serving the nation's active duty and their family members.
